

# Photovoltaic cell imports

## Overview

On February 4, 2022, the President signed Proclamation 10339 “To Continue Facilitating Positive Adjustment to Competition from Imports of Certain Crystalline Silicon Photovoltaic Cells (Whether or not Partially or Fully Assembled into Other Products)” under Section 201 of the Trade Act of 1974 providing for a tariff rate quota (TRQ) for Crystalline. Crystalline Silicon Photovoltaic (CSPV) Cells and Modules as specified in the Presidential Proclamation signed February 4, 2022. CSPV cells (quota) For in-quota merchandise, use entry type code 02, 06, 07, 12, 23, 32, 38, or 52. For over quota merchandise, use non-quota entry type, e.g., entry type 01. The merchandise covered by the quota may also be subject to antidumping and countervailing duties. In addition to reporting the Chapter 85 Harmonized Tariff Schedule (HTS) cla. CSPV cells (quota) Duty Rate for In Quota for cells (low rate) No change from those duties applicable under subheading 8541.42.00 as appropriate. Duty Rates for Over Quota for cells (High Rate) CSPV modules (additional duty) Additional Duty Rates for CSPV Modules Such duty shall be imposed on the declared value of such modules, including the cost o. Quota Bulletins (QB) are posted at and updated as determined by future announcements. The trade may track the status of tariff rate quotas provided in the weekly Commodity Status Report at For questions related to the quota process, contact the Quota and Agriculture Branch.

## Article Content

China | Photovoltaic: Import and Export | CEIC

CN: Import: Quantity: Solar Cell data was reported at 84,064.500 Unit th in Dec 2021. This records an increase from the previous number of 72,342.873 Unit th for Nov 2021. CN: Import: Quantity: Solar Cell data is updated monthly, averaging 41,548.133 Unit th from Jan 2021 (Median) to Dec 2021, with 12 observations.

India Reinstates Restrictions on Importing Solar Modules

Over the past few years, the government has taken a number of measures to cut imports of modules from China, which is the largest global supplier of equipment for solar power projects. The ALMM stands as a pivotal government initiative, serving as an additional non-tariff barrier alongside the existing 40% basic customs duty on module imports.

Department of Commerce Issues Final Determination of ...

Pursuant to the Presidential Proclamation issued on June 6, 2022, duties will not be collected on any solar module and cell imports from these four countries until June 2024, as long as the imports are consumed in the U.S. market within six months of the termination of the President's Proclamation.

QB 24-507 2024 Solar Cells and Modules Amended August 13, ...

August 12, 2024: "A Proclamation to Further Facilitate Positive Adjustment to Competition From Imports of Certain Crystalline Silicon Photovoltaic Cells (Whether or Not ...

Press Release: Press Information Bureau

Subsequently, from FY 2022-23, the Solar PV Cells and Solar PV Modules (other than those exclusively used with ITA-1 items) are put under HS Codes 85414200 and 85414300 respectively. The details of solar cells and modules exported from the country for the last five years, country-wise, as per the website pertaining to Export-Import Data Bank of ...

India's solar panel imports hit \$1.13 billion in first half of fiscal ...

India's imports of PV cells (not assembled in modules) in the first half of fiscal 2023-24 stood at \$1,005.07 million, compared to \$1,310.28 million for the 12 months of fiscal 2022-23. China ...

Budget 2024-25: India imposes customs duty on solar glass imports ...

Duty exemption on these equipment will lower the costs for solar cell and module manufacturers. Import duty (BCD) exemption has been extended for specified goods used in the manufacture of silicon wafers, specified material for manufacture of EVA (ethylene vinyl acetate) sheets, and flat copper wire for use in the manufacture of photovoltaic ...

US solar tariffs and the shadow of larger trade measures

The direct import of solar cells from China was less than 1% in 2021, underscoring the limited direct impact on solar cells these tariffs may have in the U.S. market. ... a solar cell priced at ...

US solar imports soar 286% amid manufacturing growth

The increase in imports reflects not only growing demand but also strategic adjustments within the industry following recent policy changes. In Q3 2024 alone, unassembled photovoltaic cell imports reached an impressive 4,230 MW—up from just 903 MW during Q3 of 2023 according to S&P Global Market Intelligence's Global Trade Analytics Suite.

Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled ...

Also excluded from the scope of this investigation are all products covered by the scope of the antidumping and countervailing duty orders on Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled into Modules, from the People's Republic of China: Amended Final Determination of Sales at Less Than Fair Value, and Antidumping Duty Order ...

US Hits Southeast Asian Solar Imports With Duties up to 271

(Bloomberg) --Solar imports from Southeast Asia are being unfairly sold in the US below their production costs, according to initial findings of a Commerce Department review that laid out duties of as much as 271% to counteract the practice. The preliminary determination released Friday marks another victory for US solar panel makers that argued those cheap ...

Turkey sets minimum price for solar cell imports

The Turkish government has set a minimum import price of \$60/kg, so solar cell imports exceeding this threshold will be subject to import duties. The measure is designed to protect domestic cell ...

US Solar Imports Surge 286% as Domestic ...

Over the first nine months of 2024, unassembled PV cell imports totaled 9,454 MW, up nearly 286% from 2,448 MW during the same period in 2023. This increase follows President Joe Biden's August decision to ...

Commerce Preliminary Countervailing Duty ...

On October 1, 2024, the U.S. Department of Commerce (Commerce) announced its preliminary affirmative determinations in the countervailing duty (CVD) investigations of crystalline photovoltaic cells whether or not assembled into ...

US tariffs on solar cells remain, volume increases – pv magazine ...

U.S. President Joe Biden issued a proclamation to hold tariffs on crystalline silicon PV cells at 14.25% while allowing up to 12.5 GW to be imported, up from 5 GW. These ...

Solar Showdown: The U.S. Imposes First Penalties on Southeast Asian Imports

These tariffs apply to PV cell imports, whether sold as standalone units or assembled into panels. Some companies, like ISC Cambodia and GEP New Energy in Vietnam, received the highest penalties due to a lack of cooperation with the investigation.

Preliminary decision announced on U.S. solar cell imports

The preliminary decision on countervailing duties on cells from companies in Vietnam, Cambodia, Malaysia and Thailand are lower than some expected for several major Chinese producers. ... Preliminary decision announced on U.S. solar cell imports. The preliminary decision on countervailing duties on cells from companies in Vietnam, Cambodia ...

Department of Commerce Issues Final Determination of ...

Pursuant to the Presidential Proclamation issued on June 6, 2022, duties will not be collected on any solar module and cell imports from these four countries until June 2024, as ...

Breadcrumb

The United States International Trade Commission (USITC) today determined that there is a reasonable indication that a U.S. industry is materially injured by reason of imports of Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled into Modules, from Cambodia, Malaysia, Thailand, and Vietnam that are allegedly sold in the United States at less than fair ...

US still relies heavily on imported solar panels, even as domestic ...

The new quarterly high was slightly ahead of the first quarter of 2023 and marked the fourth consecutive quarter of rising imports after President Joe Biden in June 2022 waived tariffs on crystalline-silicon PV cells and panels from Southeast Asia alleged to be circumventing decade-old tariffs on China.

Section 201 – Imported Solar Cells and Modules

Section 201 Cases: Imported Large Residential Washing Machines and Imported Solar Cells and Modules. Documents: Investigation No. TA-201-75 (CSPV Cells) USTR Solar Cells 201 FRN FR 52764. USTR Solar Cells 201 FRN FR 49469. Section 201 - Request for Additional Information. Interagency TPSC Hearing Transcript. Interagency TPSC Hearing Witness List

## Monthly Solar Photovoltaic Module Shipments Report

Photovoltaic module import shipments by country. Imports at the national level are included in Table 6. Country of origin is not published to protect the confidentiality of individual company data. ... Source and disposition of photovoltaic cell shipments----6 Source and disposition of photovoltaic module shipments: 7 Photovoltaic module import ...

## India's Solar Cell and Module Imports and Exports ...

India's solar cell and module imports increased by 55.1% YoY to \$926.6 million (~₹77.2 billion) from \$597 million (~₹49.7 billion). On a QoQ comparison, solar imports grew 14.1% from \$812 million (~₹67.6 billion). Solar ...

## U.S. solar panel imports by country 2023 | Statista

Over 34 percent of solar photovoltaic (PV) modules imported into the U.S. between January and November 2023 came from Vietnam. In 2012, the Obama administration implemented duties on solar...

## To Further Facilitate Positive Adjustment to Competition From Imports ...

On January 23, 2018, pursuant to section 203 of the Trade Act of 1974, as amended (the "Trade Act") (19 U.S.C. 2253), the President issued Proclamation 9693, imposing a safeguard measure for a period of 4 years that included both a tariff-rate quota (TRQ) on imports of certain crystalline silicon photovoltaic (CSPV) cells, not partially or ...

## Spring 2023 Solar Industry Update

According to U.S. Census data, 28.7 GWdc of modules and 2.5 GWdc of cells were imported in 2022, an increase of 21% y/y (+5 GW) and 7% y/y (178 MW), respectively. Collectively, ...

## The "import restrictions" on solar PV cells | Explained

As of January 2023-24, China accounted for 53% of India's solar cell imports and 63% of solar PV module imports. Manufacturing Capacity Disparity: China holds a dominant position in the manufacturing capacity for various components of solar panels, including polysilicon, wafers, cells, and modules. Rating agency ICRA estimates that China ...

## 2024 Monthly Solar Photovoltaic Module Shipments Report

U.S. photovoltaic module shipments by state or territory, 2024.....11 . Table 1. U.S. photovoltaic industry status, 2024. Table 2. Value and average value of ...

## Solar Cells Imports in India

Analyze 61,455 Solar Cells import shipments to India till Jul-24. Import data includes Buyers, Suppliers, Pricing, Qty & Contact Phone/Email. Book A Live Demo; Countries; Pricing; More . ... SOLAR CELL TOPCON CELL 182.2MM 16BB SOLAR CELL DOCUMENT NO:HAXS-SAEL SOLAR-240425: China. India. 252000 : \$108,931.79:

The "import restrictions" on solar PV cells | Explained

And until January of 2023-24, data from the Ministry of Commerce's Import-Export showed that China accounted for 53% of India's solar cell imports, and 63% of solar PV modules.

India to levy customs duty on solar imports from April ...

The Ministry of New and Renewable Energy (MNRE) said the levy was set at 40% for photovoltaic (PV) modules, while a 25% duty will be imposed on solar cell imports. The new regulation applies to all projects, ...

U.S. Solar Photovoltaic Manufacturing

U.S. Solar Photovoltaic Manufacturing Congressional Research Service 3 conversion efficiencies of around 25%.<sup>12</sup> Higher panel efficiencies can reduce both hardware and installation costs by requiring fewer panels to provide a given amount of electricity.<sup>13</sup> Panel capacity ratings typically are presented in watts, the basic unit of power.<sup>14</sup> ...

US Issues Solar Import Tariff Round 2 For Southeast Asian Nations

Antidumping investigations into crystalline solar cell imports take shape . The US Department of Commerce (DOC) has released its preliminary determination into the antidumping (AD) investigation regarding tariffs on imported solar panel ... It recommends imposing duties in the range of 21.31% to 271.28% on crystalline solar PV cells whether or ...

DGTR Opens Anti-Dumping Investigation into Solar Cell Imports ...

The Directorate General of Trade Remedies has initiated an anti-dumping investigation into the imports of solar cells from China, whether or not assembled in solar modules, and to recommend the appropriate amount of anti-dumping duty, which, if levied, would be adequate to remove the injury to the domestic industry has held that there is sufficient ...

Biden Expands Tariff-Rate Quota to Boost U.S. Solar Industry

WASHINGTON, D.C. — August 12, 2024 — In a strategic move to strengthen the U.S. solar industry, President Joe Biden issued a proclamation today expanding the tariff-rate quota (TRQ) on imports of crystalline silicon photovoltaic (CSPV) cells. The new measure, which increases the TRQ from 5 gigawatts (GW) to 12.5 GW annually, is aimed at supporting domestic solar ...

Commerce Preliminary Countervailing Duty Investigation of ...

On October 1, 2024, the U.S. Department of Commerce (Commerce) announced its preliminary affirmative determinations in the countervailing duty (CVD) investigations of crystalline photovoltaic cells whether or not assembled into modules (solar cells) from Cambodia, Malaysia, Thailand, and the Socialist Republic of Vietnam (Vietnam).

### Monthly Solar Photovoltaic Module Shipments Report

Beginning in January 2017, we required some of the respondents for the annual survey Form EIA-63B, Photovoltaic Module Shipments Report, to report monthly data. The ...

### Import Restrictions On Solar PV Cells

Import Statistics: Over the past five years, India imported around \$11.17 billion worth of these products. This amounts to around 0.4% of India's total exports during the same period. Dominance of China: China supplies 53% of India's solar cell imports and 63% of solar PV module imports. Reasons for India to Rely on Solar Cell Imports
